

# Position Title: Accountant

---

## The Firm

Our firm, yield advisory is very different to others and we live and breathe our ethos of assisting clients businesses to ensure they become:

- More Profitable;
- CashFlow Proficient; and
- Increase in Value.

We couple the above services with providing sound taxation advice.

Our firm has some of the youngest and brightest clients succeeding in business today and our clients are doing some amazing things!

Our firm has recently opened a brand new office located on the Sunshine Coast, due to exponential growth over the past few years.

## The Role

You would be involved in the following tasks:

- Preparation of financial accounts & Income tax returns for companies, partnerships, trusts and individuals
- Preparation of compliance workpapers
- Div 7A loan calculations
- Review your time on budgets and notifying when you go over the specified time.
- Preparation of Tax Planning for clients and suggesting ways for the client to minimise their tax obligations.
- Preparation of monthly and quarterly business activity statements
- Review of bookkeeper work and provide review points where needed
- Payroll tax calculations
