

**Position: Senior Accountant**

**Location: Sunshine Coast**

### **The Role**

The Senior Accountant role involves working closely with a portfolio of business clients to support their growth while strategically managing their taxation and compliance obligations. You will take a lead role in preparing/reviewing financial statements, income tax returns and other compliance requirements, ensuring accuracy and timely delivery.

You will also assist clients with annual tax planning, business structuring, and advisory matters that arise throughout the year. As a senior member of the team, you will provide guidance and technical support to junior accountants while collaborating with Managers and Partners to deliver high-quality outcomes for clients.

Your client base will primarily consist of professional service businesses in the health, legal, and finance sectors. You will take an active role in managing these client relationships, providing proactive communication and professional advice while maintaining strong service standards.

This position offers the opportunity to develop deeper advisory skills and contribute to improving client outcomes, while working within a supportive and collaborative team environment.

### **The Successful Candidate**

The successful candidate will have 5 years of public practice experience and will ideally be CA or CPA qualified, or nearing completion.

They will demonstrate strong technical capability in preparing financial statements, income tax returns for a range of business clients, and be comfortable managing compliance engagements with minimal supervision.

The candidate will have solid experience using Xero and cloud-based accounting systems, with a strong understanding of key taxation matters such as Division 7A, trust distributions, and small business concessions, and the ability to identify issues and escalate where required.

Strong communication and interpersonal skills are essential, as the role involves direct client interaction and collaboration with team members.

A positive attitude and a sense of humour will ensure a good cultural fit within our friendly and supportive team.
